LOOP BASE SPECIFICATIONS:

Fabrication Lead Time: 4 Weeks Powder Coated. 5 Weeks Plated.

** Our Open Style Frame Base is fabricated out of Solid Bar-stock ½" thick x 2-1/2" wide, giving a slim sleek look, while being solid and sturdy. With crisp details, and highly finished to your specifications.

** SPECIAL NOTE: Polish and Satin Chrome may leave minimal 'shadowing' on inside corners due to plating anomalies.
**Nickel does not leave this 'shadowing'.

This base comes with mounting holes in the top bar. There is not a welded on top plate. Welded-on Top Plates of any size or location can be added at an additional cost.

**Additional Sizes and Modifications are available. Thinner or heavier material can be used on any of these base designs.

**Top of Open Frame X Base can be modified to accept your electrical units, as shown below.

**Please call for sizing and quote.
